*Daily Value not established.

**Naturally occurring

Cardio Cocktail™ is much more than just a functional antioxidant beverage; L-arginine is the key ingredient in Cardio Cocktail™. L-arginine is considered by many to be one of the most important nutraceuticals ever discovered. Tens of thousands of studies and peer-reviewed articles support the clinical benefits of this amazing ingredient.

The human body uses L-arginine to make nitric oxide (NO). Research indicates nitric oxide has powerful healing properties, and has been called the "Miracle Molecule". In 1998, a team of American scientists won the Nobel Prize in Medicine for their discovery of the nitric oxide pathway. Nitric oxide helps to promote optimal blood flow. Research suggests that consuming liquid products provides significantly improved absorption.

Directions for use

Take two daily doses of 1/2 ounce each. Mix 1/2 ounce of Cardio Cocktail™ with 6-8 ounces of filtered or distilled water (non-chlorinated) or your favorite juice. Shake well before using. Refrigerate after opening. Take with a small amount of food if nausea is an issue.

Protect from heat, light, and moisture. Refrigerate after opening. For adult use only. Always consult your healthcare professional before taking any dietary supplement.
